Example Co

SEO Deployment Strategy

Baseline Assessment

Competitor Analysis

Research competitor metadata to understand rankings and performant keywords trending in this landscape.

Historic Performance

Understand Example Co's SEO performance history using Google Search Console in conjunction with an in-depth manual review.

Missed Opportunities

Identify missed opportunities, such as:

- Underutilized social media platforms
- Review responsiveness
- Lack of keyword-rich web pages

Keyword Strategy

Initial Keyword Footprint → **Target Keywords** → **Maximize Momentum**

Suggested Keywords

Using results from competitor analysis, website review, and Moz Keyword Planner, establish a list of relevant missing or underutilized keywords.

Priority Keywords

Analyze performance data to identify high-priority keywords for targeting.

- Incorporate priority terms in subsequent content releases.

Iterative Updates

Run iterative keyword tests using Google Ads and Keyword Planner. Build upon previous results to refine a core keyword footprint for continuous growth.

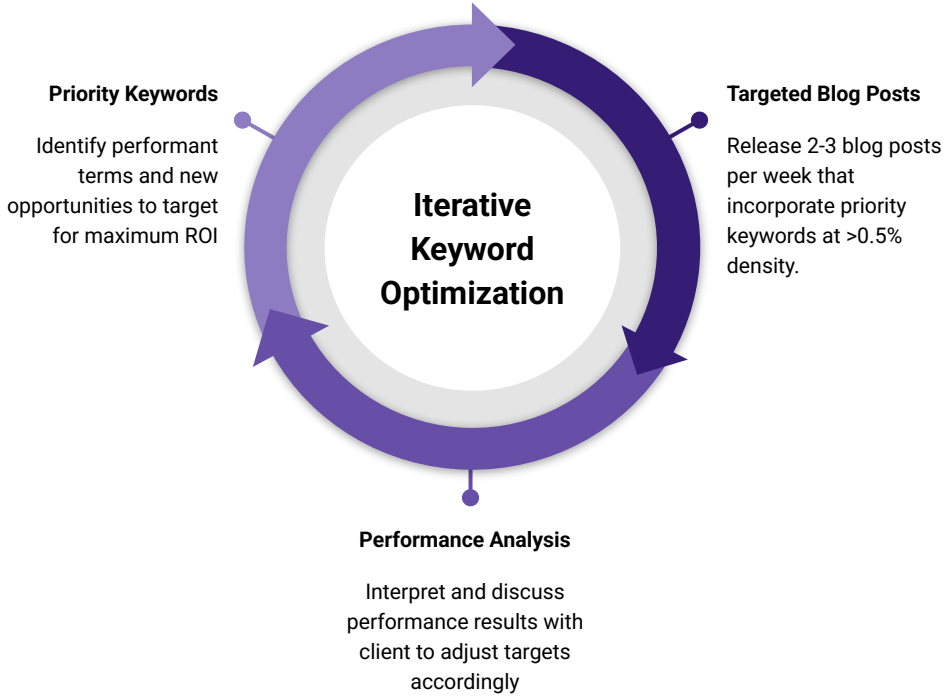
Paid Coefficient

Significant local competition and a tight budget pose hurdles to traditional organic SEO efforts. A strategic iterative campaign helps mitigate risk by driving inertia on multiple aligned channels.

- Analyze historic performance to identify highest ROI opportunities for paid terms. Compile a Suggested Keyword Footprint for approval.

- Deploy a multi-phase paid campaign:
  - Initial Discovery Phase: Identify best performing keywords from approved footprint.
    - Duration: 7 days
    - Budget: $1,000

  - Phase 2+: Discuss preliminary results and goals with client to establish approximately 5 priority keywords. Bid on these terms and incorporate them in subsequent blog posts.
    - Duration: 14 Days
    - Budget: $1,500



Content Release Strategy

Website Optimization

Perform in-depth website revisions to incorporate keywords, linking, and any missing informative pages like About and FAQs.

Social Media Presence

Optimize social listings for improved search, engagement, and review responsiveness.

- Google Maps
- Facebook
- Yelp

Strategic SEO Blogs

Establish a consistent blog release schedule targeting high-priority keywords and incorporating strategic cross-linking to force continuous indexation.
